Feature / Style:		Images Length/Size Shown:	12 IN
# Positions:		Shielding:	Shielded
Convert From/To:		Type:	

Connects your computer to any USB device with Type B female port. This USB 2.0 cable is ideal for connecting most Type A USB devices to a Type B connector - such as a computer to a printer. Most current printers (inkjet and laser) use this cable type. Supports USB speed up to 480Mbps.

When comparing our cables to our competitors, please note the WIRE THICKNESS of **28AWG (1P) + 24AWG*2C**. Most of our competitors use **28/28AWG** cables resulting in signal loss, slower charging times, and overall amperage loss.

Technical Specifications:

- USB version 2.0 compliant
- Supports Hi-Speed, 480 Mbps
- A to B, Male to Male, molded type
- Shielding and Jacket Type: Aluminum foil + drain wire 7/0.12mm pure copper
- 28AWG(7/0.12BC)*1P + 24AWG(7/0.2BC)*2C+AL+D
- Nickel plated conductors
- Wire Spec: 100% Copper (CU)
- Cable Outer Diameter: 4.5mm
- ROHS Compliant
- Suitable for most computer to printer (A to B type) connections
