USB QUICK-CHARGE V3 TYPE-C MALE TO TYPE-A MALE CABLES, 480MBPS, BLACK

Lengths Available:	12in, 1.5ft, 3ft, 6ft, 10ft,
Colors Available:	Black
Part Numbers this model:	GC-USBQC-CA-12IN, **FE-USBQC-CA-01,** GC-USBQC-CA-03, GC-USBQC-CA-06, FE-USBQC-CA-10,

Sales Category:	USB Cables	**Wire Gauge (AWG):**	24 AWG, 28 AWG
Connector A:	USB Standard Type A Male	**Specification:**	USB 2.0
Connector B:	USB Standard Type A Male	**Number Ports:**	N/A
Export Tariff Code (HST):	8544422000	**Transfer Rate:**	480Mbps
Feature / Style:	Data Transfer and Charge	**Images Length/Size Shown:**	1.5 FT
# Positions:		**Shielding:**	Shielded
Convert From/To:		**Type:**	

NOTE: Not compatible with newer Google Pixel phones or anything else "Power Delivery". Only devices that specifically support the QUALCOMM(TM) Quick-Charge standard can use one of these cables for charging and/or data transfer. They can NOT be used on devices for charging OR data transfer that do NOT support QUICK-CHARGE technology. You MUST use a QUICK-CHARGE USB charging adapter in order to use a QUICK-CHARGE cable.

The USB 3.1 standard introduces the new symmetrical/reversible Type C connector. The new connector is only slightly larger than the older mini and micro Type B connectors, which means that it can be used on mobile devices, replacing the existing use of mini or micro connectors. Also, unlike the earlier use of different connectors for the host (Type A) and peripheral (Type B) devices, the Type C connector is used at both ends. Best of all, the connector is symmetrical, which means no more fumbling around to figure out which side is supposed to be on top. Just grab either end and plug it in!

This USB 2.0 cable features a male USB Type C connector on one end, and a (legacy) USB 2.0 Type A Male connector at the other end.

- *Supports QUICK-CHARGE v3.0 for super-fast charging (with appropriate QUICK-CHARGE USB block charger)*
- *56kâ„¦ resistor installed to ensure safe charging per the QC v3 standard*
- *Use a single cable for power, video, networking, and data*
- *USB 2.0 supports up to 480Mbps data rate*
- *Supports Super Fast Charging and Syncing*
- *Gauge: 20AWG Power leads, 28AWG data leads*
- *USB Standard: 2.0*
- *Type: USB Type C male to USB 2.0 Type A male*
- *Now using our EXTRA-SLIM Type-C over-mold (Dimensions: 22L x 11W x 6.5H mm)*
- *Power Rating: Up to 5V, 2A*
